

The Wellness Center

The Multi-Purpose Room

The Training Room

The Wellness Center at our Cimarron Road building serves as a fitness center and resource area for general health and wellness. It is utilized daily by people served by SullivanArc and staff members after hours.

The Multi-Purpose Room consists of three smaller rooms that can be combined or separated. It is an ideal location for large gatherings, business meetings, events, and more. We offer the room to community organizations, as well as use it internally.

The Training Room is actively used for a number of trainings and meetings. All new staff utilize it for orientation. Seasoned staff use it for annual trainings and re-certifications. Board meetings can also be held here.

Naming Opportunities

203 Cimarron Road
Monticello, NY

*SullivanArc announces **Naming Opportunities** at our newest office space attributed to the permanent legacy of our donors. A limited number of naming opportunities are available for donors who wish to receive recognition for their support of SullivanArc, or to memorialize or honor a loved one or a person receiving support in our programs.*

Supporting a naming opportunity is an excellent way to help ensure SullivanArc's mission continues through the coming decades.

The program offers donors the opportunity to attach a name to a designated classroom or space throughout our building. You, your company, and/or a person you honor will be directly linked to efforts SullivanArc makes to improve the lives of people with developmental disabilities. All gifts may be made over a five-year period.

SullivanArc has been supplying supports and services for people with developmental disabilities since 1949. What started out as a small group of parents has grown into over twenty residences, four day habilitation programs, a work center, a clinic, recreation, community programs, and more, with three major facilities.
